To work in a dynamic learning environment where I can contribute my current skills and grow through new opportunities to obtain a meaningful and challenging position in the industry.

Professional Snapshots

> Around 67 months (5 years and 7 month) of experience in ETL (SAP BODS/Datastage) and databases (Teradata/SQL/SAP S4 Hana/Oracle) and have worked extensively in Banking and Finance domain.

ETL – SAP BODS,Datastage

Programming Languages:-Python,C++,Machine Learning

Database-Teradata, S4 HANA, eHANA, Oracle, SQL Server

Data Quality & Profiling Tool-Information Steward

- > Well conversant with quality procedures while executing my projects.
- > Experienced in all facets of Software Development Life Cycle (SDLC), including requirements gathering, designing, coding, testing, deployment and warranty support.
- > Talented communicator, able to build cordial working relationships with co-workers in a team environment.
- > Well organized, with proven ability to multi-task and prioritize workload.
- > Have been awarded On the Spot Award (4 times) and Applause award in TCS.
- > Have been awarded Project Rewards (3 times) and Applause award (2 times) in Deloitte.
- > Other than my professional and personal responsibilities, I truly believe that social responsibility is an important aspect of being consummate individual. Have organized Fests in my college days and have actively participated in TCS's CSR initiative. As part Deloitte's Impact day, I have translated English stories to Hindi for underprivileged schools in India Students.
